Learning Through Gamification

A great addition to any Nursery, Key Stage 1 or 2 classroom.

Inspire fun learning with subject specific content. Children learn through Gamification creating an environment that encourages collaboration and team building.

The G-Touch Play Screens are pre-loaded with a range of software[1] that encourages numeracy, literacy, creativity, letter formation, music, art and much more. Many of these programmes are multi-touch, enabling several children to use the screen at the same time. This encourages children to develop important skills such as socialising, learning to take turns, working together, sharing and communicating.

All G-Touch Play Screen are supplied with our G-Safe[2] platform, meaning that children can use the Play Screen without being able to access any restricted websites or settings.

The G-Safe platform places all setting controls behind a PIN controlled area – this allows the teacher to take control of whitelists, blacklists, volume control and more. The settings can be easily changed depending on the circumstances but teachers can be safe in the knowledge that they can leave children to use the Play Screen without supervision.

What Software is Included?

▶ SPARK
▶ Learn Hub (60 Day Free Trial)
▶ Genee App Store
▶ Genee Early Years Enlgish
▶ Genee Early Years Maths
▶ Genee Explorer
