

Ipad/tablet Charge Wall cabinets

A compact, slimline, simple to use wall mount iPad charging cabinet for 10 iPads, iPad mini, tablet computers, iPods and other mobile devices (with upto 10.9" screens). Separate AC power adapter and cable storage, with only a short length of USB cable presented to each shelf – so no cable mess, no accessible USB sockets for users to break and no cables going missing! Also available with a choice of integrated USB-A or USB-C power modules. All wall mount cabinets have the option of a digital code, RFID or key lock.

– Codes and Dimensions

* For RFID card access locks change -K for -R

Shelf dimensions:

The iPad trolley is designed to accommodate iPads, USB tablets and eReaders up to 10.9" screen sizes. The shelf aperture size (mm) is 310d x 210w x 30h – big enough so you can leave your iPads and tablets in their cases (including large cases like the Griffin Survivor), but best to check your device dimensions (including the power connector) before ordering. The perfect iPad cabinet for classrooms, offices, warehouses and other commercial environments.
