* Change -C to -R for RFID access card locks (with master override key)

** Add # at the end of a code to include fitted USB-C cables

Shelf dimensions:

The USB-C iPad charging trolleys are designed to accommodate iPads and USB tablets up to 11" screen sizes. The shelf aperture size (mm) is 310d x 210w x 40h (16 & 32) or x 30h (20 & 40) – big enough so you can leave your iPads and tablets in their cases (including large cases like the Griffin Survivor), but best to check your device dimensions (including the power connector) before ordering.

– Finish and Specifications

Construction

White melamine-faced MDF carcass and doors, green steel electrical compartment cover, robust re-cycled plastic shelves. White compact laminate top with handle cut-outs.

Integrated USB-C tablet power

Requires 1 external power socket. Supplied with 1 mains lead.

Integrated USB C power system housed in the front accessible electrical power bay for charging iPads and tablets. USB Type-C ports support the Power Delivery (PD3.0) specification at voltages of 5V, 9V, 12V and 15V. Suitable for charging all types of Type C enabled devices including iPads and tablets at up to 20W per port.

Supplied with 16, 20, 32 or 40 USB-C iPad charging ports.

(Individual iPad & tablet USB cables are required but not included unless stated).

Warranty

5 years (2 years for electronics, 1 month for USB-C cables if supplied)
