Product information

AMD Ryzen 5 5600G Processor

The AMD Ryzen 5 5600G combines 6 cores, 12 threads, and integrated Radeon graphics into a single, efficient package. Ideal for entry-level desktops, office PCs, and budget-conscious deployments, the 5600G delivers excellent multi-tasking performance and graphical output without the need for a discrete GPU. Its AM4 socket compatibility ensures easy integration into existing infrastructures, reducing upgrade overhead.

Windows 11 Home

You'll also get Windows 11 fully installed meaning you're ready to game straight out of the box. Playtime. Anytime. Play the latest games with graphics that rival reality. Play with players on console. Play with the peripherals that you love. When it comes to playing your way, Windows 11 makes it happen.

Norton 360 for Gamers VPN

Get 1 year Norton 360 for Gamers VPN for FREE with your PC, saving up to £79.99. Whether you're a casual or a hard-core gamer, Norton 360 for Gamers provides multiple layers of protection for your devices, game accounts, and digital assets. Browse more securely and anonymously by masking your IP address with a no-log VPN to help protect against DDoS attacks, doxxing and help prevent SWATing. Norton 360 for Gamers offers VPN protection for up to 3 PCs, Mac, smartphones or tablets which mean you can use the VPN protection on your iPhone or Android Phone as well.
