With Android14, aquad-core processorand 8GB of memory you can run multiple apps and sources at once. Switch with a simple tap!

THE VENEER 2 IS READY WHEN YOU ARE

Classroom

Between lessons and recess, you don't have to waste time setting anything up: Studio starts with the basics waiting for you.

Meeting room

Plug your laptop into the front of the display to share your screen. Now you have time to get a coffee before the meeting starts.

ZERO COMPROMISE ON SUSTAINABILITY & SECURITY

Veneer2may be our entry-level touchscreen, but affordability does not come at the expense of sustainability and security:

- Auto-brightness adjustment
- Lightweight design
- Energy-efficient
- European-developed Studio Basic software suite
- Supported Android version
- Manage firmware updates over the air via Cortex
- After generating the Whiteboard QR code, data is wiped from servers after 1 hour
